## Audio Production Specialisation

# About the Graduate Diploma

The Graduate Diploma of Creative Industries is a postgraduate coursework degree for emerging and established creatives seeking to deepen their practice, understand how contemporary creative sectors operate and expand their impact.

Through studio- and project-based learning, you'll refine your creative voice while building strategic, entrepreneurial and professional skills.

You'll select a specialisation and develop a self-directed creative project supported by a robust research framework, with guidance from experienced educators and industry professionals. With a focus on creative practices grounded in critical inquiry, collaboration and entrepreneurial thinking, the course will prepare you to position your work within industry and contribute meaningfully to Australia's creative economy.

# Specialise your creative practice. Make work that matters.

The **Systems Project option** explores immersive and spatial audio across studio, film and live production contexts. Through hands-on, project-based learning, you'll develop skills in immersive audio workflows and techniques while engaging with industry trends, accessibility and evolving production systems.

You'll create a high-end immersive audio project and graduate with a finished production and a cohesive body of work demonstrating your creative and technical capability.

The **Studio Design project option** explores contemporary studio practice where you'll develop expertise in electroacoustics, acoustic treatment, room correction and digital audio routing, with a focus on spatial and immersive sound.

You'll undertake projects such as designing or retrofitting Dolby Atmos mixing rooms, developing critical listening spaces, or improving acoustic performance in unconventional environments.
