COLLARTS AUSTRALIAN
COLLEGE
OF THE ARTS

ACKNOWLEDGEMENT OF COUNTRY

Collarts acknowledges the Wurundjeri people of the Kulin Nations as the Traditional Custodians of the country we work, study, and create on. We pay our respects to all Aboriginal and Torres Strait Islander people in Yarra, and their Elders past, present and future.

As we share our own creativity, knowledge, learning, and teaching practices on our campuses and their surrounds, we also acknowledge that the land in which we meet is a place of age-old ceremonies—of celebration, education and initiation across thousands of years—that continue to have an impact on the life of these lands.

ABOUT COLLARTS

Collarts (Australian College of the Arts) is a dynamic, independent college with a focus on creating real pathways into the creative industries. Over the last 30 years, we've offered fully accredited Diploma, Bachelor and Postgraduate qualifications in a range of specialised fields across design, entertainment, communication and performing arts.

Collarts takes creativity seriously, offering students access to cutting-edge facilities, a welcoming learning environment, and teachers who know the ins and outs of the industry. We're ranked #1 in Quality of Educational Experience among all private tertiary institutions across Australia, which is why so many students choose Collarts as the place to kickstart their careers.

Small classes offer a real one-on-one connection with our faculty, which is made up of current and former industry professionals working at the top of their game. This not only gives us a direct connection to the industries you'll head into after graduation, but presents ample opportunities for hands-on experience during your time with us.

Flexible study options allow you to learn your way, whether it's in person at one of our inner North campuses, online or via hybrid classes. At Collarts you can work at your own pace and make your education fit your life, not the other way around. As a result, our student body consists of a diverse blend of school-leavers, international students, and creatives looking to upskill or change gears on their own schedule.

Collarts is a community, both in and out of the classroom. Collaborate with students from other courses, make connections before graduation, and discover how interconnected different creative industries can be. Become part of a likeminded and supportive network, full of other creatives who want to see and help you succeed.
